Take advantage of the many pre-defined interfaces

furnray

Your high quality planning

- ✓ High quality rendered images within minutes
- ✓ No heavy workload for your local computer – render your planning on our server in the cloud!
- ✓ Convince your customers with the visual experience of furniture planning
- ✓ Customize many settings, including the lights and the sky
- ✓ No additional charges - completely covered by your furnplan license

furncloud

The platform for the immediate exchange of plannings

- ✓ Every visualized representation you make comes with a simple and unique ID. This ID enables your producer to gain direct access to your plan.
- ✓ You can get direct planning support by the manufacturer
- ✓ You gain extra online security for your plannings in our furncloud
- ✓ All this is offered to you for NO extra charges!
- ✓ No personal data will be transmitted (GDPR-compliant)
- ✓ More manufacturers than ever before are using digital furnplan plannings for their own order processing. Avoid manual order entry, saving time and avoiding errors, all at one go!
- ✓ Every day, more than 30.000 furnplan plannings are uploaded to furncloud.
