- ✓ Support by e-mail, telephone and remote maintenance included
- ✓ Monthly catalogue and software updates included in the licence
- ✓ 6-month trial period with no obligation

More and more retailers choose furnplan every year:

2014 >900 ➔ 2018 >2.800 ➔ 2022 >3.600

2026 >4.000

And the choice of manufacturers keeps growing:

2014 >40 ➔ 2018 >100 ➔ 2022 >155

2026 >195

Your benefits with furnplan

Easy
to use

Unbeatable value
for money

Photorealism with
furnray and AI

Upload your plans to the
furncloud

Intelligent
planning logic

Professional
advice

Time savings through
process optimisation

A wide range of
combination options

furnray

From the plan to the photorealistic image

- ✓ A high-quality rendered image within seconds
- ✓ No additional hardware requirements, as rendering runs on our servers
- ✓ NEW: even better, more realistic results thanks to selectable AI options

Configure furniture – online, on a tablet and on your website

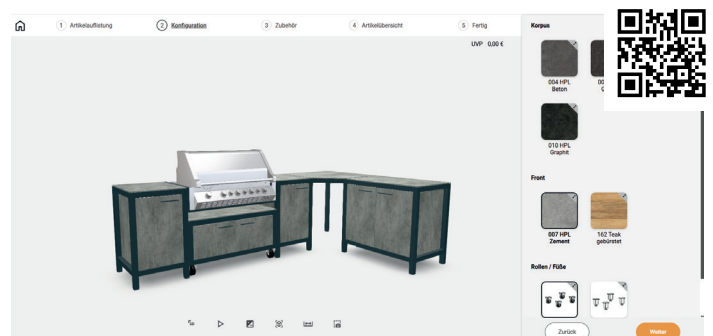

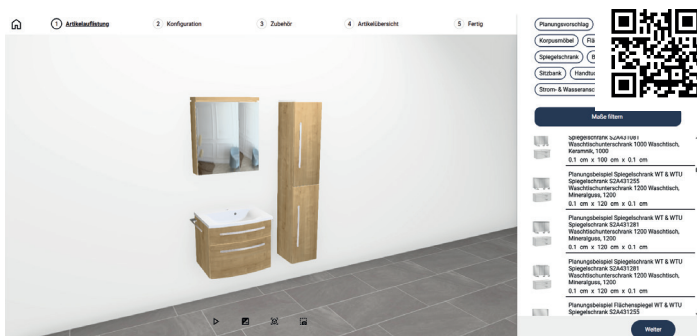

- ✓ Active online sales support: advise customers directly at the point of sale (POS)
- ✓ Furniture configuration in the browser: a simple, platform-independent way to customise furniture online
- ✓ Augmented reality (AR): place finished configurations in the room within seconds using AR
- ✓ Powered by furnplan data: 100% furnplan data for the best possible configuration experience

Configurators for the online presence of manufacturers and retailers

- ✓ Can be integrated into retailers' or manufacturers' websites and web shops
- ✓ Lets customers design furniture easily – and order it via the web shop if desired
- ✓ Perfect for use in e-commerce
- ✓ Attracts attention and engages a variety of target groups
- ✓ Suitable for every target group – including consumer
- ✓ Can be embedded at a range of touchpoints

Scan the QR codes of our sample configurators and get inspired

The platform for exchanging plannings directly

- ✓ Every planning is assigned a unique ID
- ✓ Manufacturers and our support team can retrieve the planning to help you with it
- ✓ Online backup of your planning in the furncloud
- ✓ GDPR-compliant
- ✓ No additional costs are incurred
- ✓ The ID can be used for order entry – saving time and minimising errors

furnport

The order portal for retailers and manufacturers

- ✓ Send orders and communicate quickly, easily and securely
- ✓ Exchange all documents and data through a single channel
- ✓ Communication without detours – straight to the right contact
- ✓ Stay in control – every ordering process at a glance
- ✓ Advances your digitalisation without extra costs or major effort
